

Careers Programme Summary

Careers Lead – Denise Heffernan

The careers curriculum at Ashley Park School includes explaining a range of different job opportunities and practising required skills.

- Interviewing to develop personal skills
- Career pathways including understanding options such as college, work experience and apprenticeships
- Employability skills, students develop communication skills, team work, taking responsibility and personal organisation

Students put these skills into practise with skills such as CV writing and interview techniques. students become familiar with key information regarding careers information and networking
